

INTERSECTION

Intersections – Co-creation, Co-habitation

Our task must be to free ourselves by widening our circle of compassion to embrace all living creatures and the whole of nature and its beauty.

Albert Einstein

The goal of this project was to raise awareness in a viewer/reader of the *intersection* of humans and nature, and about a potential of collaboration versus dominance. It has resulted in a collection of photographs, stories and dialogue questions which are freely available for use by groups.
